## Views on End-of-Life Treatment, Over Time

*% of U.S. adults who say there are circumstances where a patient should be allowed to die or medical staff should do everything possible to save the life of a patient in all circumstances*

Source: Pew Research Center survey March 21-April 8, 2013. Q25. Figures may not add to 100% due to rounding. In 1990, volunteered responses of "depends" are combined with responses of "don't know."
